For the past several months the Communist Garrison at Chefoo has been preparing the city against anticipated Nationalist landing and attack by the construction of defense works and the placing of mines at strategic locations. Underwater mines have been laid at the eastern edge of the city (size, or exact location not given). Large numbers of land mines, 7 inches high, 5 1/2 inches diameter, 30 kilograms weight, area effectiveness 3/4 meters in diameter, have been planted along the coast, in the hills and near certain important locations within the city.

Note: Chefoo fell to the Nationalists on 1 October.
